nlp-2023-chatbot Minichallenge 2

Goals

Installation

Run the following commands:

```
conda create nlp-mc2 python=3.10
conda activate nlp-mc2
conda install pip
pip install -r requirements.txt
```

Project Structure

- project_name/
  - data/
  - notebooks/
    - 0_preprocessing.ipynb
    - 1_dolly_model.ipynb
    - modeling.ipynb
  - src/
    - utils.py
  - reports/
  - README.md
  - requirements.txt

Theoretical Background (LE5 and LE6)

Data

Data Collection

Data (Pre-)Processing

Model(s)

Training

Tokenizer Analysis
